

Applicator gun Side by Side AP 345ml

Application range

- > For Multifix USF 280 ml
- > For Multifix USF Winter 300 ml
- > For pressing-out of other various cartridges 280 / 300 ml (e.g. silicone)

Cross references

Mortar cartridge USF 280 ml
Mortar cartridge USF winter

Properties

- > Additional pressing-out cylinder can be used to read the cartridge scale

Notice

Depending on the temperature, mortar cartridges require higher contact forces (~ 1 kN) than e.g. silicone cartridges. These applicator guns feature a corresponding transmission ratio.
