The new EJOFAST® System

For fastest side lap fixing on the roof

EJOFAST® Side lap screw
JF3-2H-4,8x19-E14

For side lap stitching
in weather exposed areas
(e.g. roof shell)
Fastens two sheets
up to max. 2 x 0.88 mm

EJOFAST® Side lap screw
JF2-2H-4,8x19

For side lap stitching
in non-exposed areas
(e.g. load-bearing shell)
Fastens two sheets
up to max. 2 x 0.88 mm

Fast. No swarf. Reliable.

- Fastest installation with collated screws (25 per cartridge)
- Scratch-free and even fastening with the appropriate attachments for various trapezoidal sheets
- Best ergonomics for fatigue-free upright work
- Flexible system for screws with and without sealing washer
- Robust fastening system for construction site use
- Screws featuring a free spin zone to form a force-locked joint and a double-start thread for rapid fastening

EJOFAST® JF Screwdriver
for installing system screws
EJOFAST® JF3 and EJOFAST® JF2
